Data

The performance data for the Asgard Fixed Income Risk Premia fund in this factsheet is based on the official monthly NAV per share for the USD share class in the Asgard Fixed Income Risk Premia Fund calculated by the fund administrator.

Investment strategy and fund objective

The investment strategy focuses on relative value fixed income investment opportunities in European fixed income markets with a Scandinavian bias. The fund trades and invests long and short in government, mortgage, covered and index-linked bonds with a minimum credit rating of Aa3 or equivalent and both listed and OTC fixed income derivatives.

The objective is to generate a consistent long-term high risk-adjusted return.
